PREFACE

"Education Statistics - Elementary-Secondary" is published in the spring of each year by the Department of Education. It provides statistics on selected aspects of elementary and secondary education.

The report contains information which is most frequently requested. This year, several new tables have been added and a number of areas have been expanded. More detailed information is available upon request.

Enrolment has been recorded as of the last school day in September of the current school year. Unless otherwise cited, all information has been provided by the Department of Education and refers to public schools only.

Please direct any inquiries or suggestions regarding this report to:

1. Students who previously attended Senior High School for at least three years.
2. Data collection procedures reflect recent policy changes in special education, 1989-90 to 1990-91 (see Appendix D).
3. Commercial program. This program was phased out in 1983-84 for various reasons, including the fact that it was already being offered at the postsecondary level.

1. See the Senior High School Certification Handbook for the conditions and regulations governing the awarding of credits to meet graduation requirements.
2. Students were considered to be eligible graduates if the number of credits they had acquired plus the number of credits they were attempting in the school year 1989-90 was greater than or equal to 36, which is the number required for graduation. The number of eligible graduates published in the High School Certification Annual Report was 8,813. However, school district level data was not available using the definition in the High School Certification Annual Report.
3. Excludes private candidates who could not be classified.

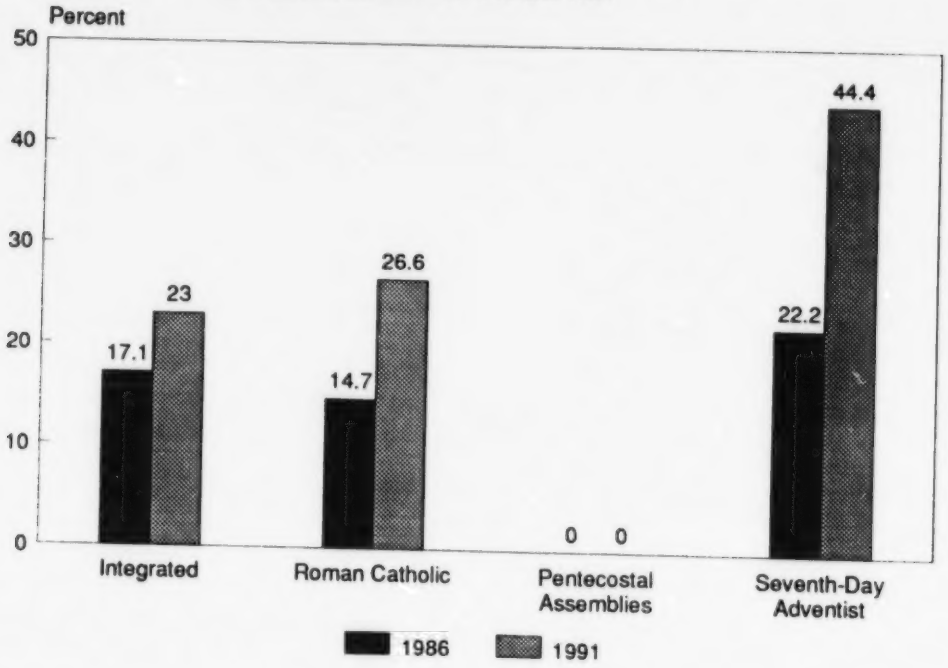
1. School board membership is in accordance with The School Board Election Regulations, 1985.

Figure 20. Percentage of Female School Board Members by Educational Jurisdiction, 1986 and 1991



GLOSSARY OF TERMS

Age calculations - as of December 31 of the reporting year: for students, the age is truncated (e.g. 5.6 becomes 5); for teachers, the age is not truncated (e.g., for 1989, i.e. the school year 1989-90, a teacher born on June 2, 1961 would be 28.6 years old. This figure is then rounded to the nearest integer, in this case, 29. However, when computing median age, no rounding is done.

Allocations - allocation of staffing units to school districts in accordance with *The Schools Act (Teachers' Staffing) Regulations.*

Canadian Tests of Basic Skills (CTBS) - a norm-referenced, standardized test that measures student performance in several basic skill areas.

Certificate of grade - certificate of grade, or license issued under the authority of *The Education (Teacher Training) Act.*

Combined mark - mark calculated for Level III public examination courses, which combines the school mark and the public examination mark.

Composite - the average score calculated based on a number of subtest scores.

District - school district created or constituted by the provisions of *The Schools Act*, or a school district created by the provisions of this Act, whether as originally created or after an alteration of its boundaries.

Full-time equivalent enrolment - grade kindergarten at 50%; all other grades and programs, headcount.

Full-time equivalent teacher - headcount of full-time teachers, plus part-time teachers according to the percent of allocated unit.

Full-time teacher - teacher assigned 100% of an allocated unit.

GLOSSARY OF TERMS (Cont'd)

Grade equivalent - a description of student performance on the Canadian Tests of Basic Skills in terms of the approximate grade level at which the performance would be average.

Graduate - a student who has satisfied graduation requirements.

Graduation - attaining 21 credits in core courses and an overall total of 36 credits; not less than 20 in levels II and III and not less than 9 in level III courses in a Newfoundland senior high school program.

Joint service school - school operated jointly and by mutual agreement between two or more school boards.

National percentile rank (NPR) - term used to describe student performance on standardized tests relative to a nation-wide norming group. The NPR refers to the percentage of the norming group who scored lower on the test.

Norm-referenced test - a test that produces a score that defines performance in terms of an individual's standing relative to a norming group (e.g. national percentile rank).

Norming group - a large representative group of individuals who complete a test and on whose scores the test is standardized. Performance of students or groups of students are expressed relative to the performance of this norming group. For example, the 50th percentile means that 50% of students in the norming group scored lower on the test.

Part-time teacher - teacher assigned less than 100% of an allocated unit.

GLOSSARY OF TERMS (Cont'd)

Point on salary scale - years of service approved for teacher salary purposes in accordance with the Collective Agreement.

Private school - means an institution, that is not a public school, at which instruction is provided during the school day for pupils who are of or over the compulsory school age in the courses of study approved by the Minister.

Public examinations - year end examinations for certain high school courses that are set, administered, and graded by the Department of Education.

Public school - school operated by a School Board and receiving grants from public funds of the province provided for education.

Senior high school program - final three years of study in a thirteen-year, Kindergarten to Grade 12 educational system. The program is structured on a course credit basis entailing the accumulation of over three or more years culminating in the acquisition of the Senior High School Graduation Diploma.

Standardized testing - the process of using uniform tests to compare achievement.

Subtest - one of several smaller tests on specific areas subsumed under the Canadian Tests of Basic Skills.

The Bay St. George and Port au Port Roman Catholic School Districts combined to form the Appalachia Roman Catholic School District on July 1, 1990.

APPENDIX D

Special Education

School Districts are encouraged to offer a wide range of services in a variety of settings to meet student needs (Special Education Policy Manual, Policy 2.A.4). The model of service delivery proposed by the Department of Education encourages the provision of specialized instruction in all classroom settings. The view is that most students should begin their formal education in grade level classroom settings with support services provided when necessary.

APPENDIX E

Definitions of French Programs

Core French	Program of instruction in which students study the various aspects of French Language during a regularly scheduled time slot as is done in other subject areas.
Extended Core French	Program of instruction in which students study the Core French program, plus at least one other complete subject where content and instruction are given entirely in French.
French Immersion	Program designed for English-speaking students in which French is the language of instruction in the classroom for all or some of the subject areas, and as much as possible, the means of communication in the school environment.
Early Immersion	Program from Kindergarten to Grade 12, beginning at the Kindergarten level with approximately 100 percent of instruction in French. With the introduction of Language Arts and other subjects in English, the percentage of instructional time in French decreases somewhat as students progress through the varying grade levels.
Late Immersion	Program from Grade 7 to 12 with approximately 70 percent of instruction in French in Grades 7 and 8. The percentage of instructional time in French decreases somewhat as students progress through the varying grade levels.
French First Language	Program for children of Francophone parents in which French is the language of instruction in the classroom for all or most of the subject areas, and the means of communication in the school environment.
